

Zigi

Toraseen™

Taking centre stage.

Zigi

Zigi is designed for those who value exceptional comfort and performance. Every feature is engineered to ensure smooth adjustments, balanced support, and lasting comfort throughout the day.

Zigi features integrated height adjustable arms with pads that slide both width wise, forward and backwards and twist to suit various needs and postures.

The breathable mesh extends seamlessly around the back, offering a softer more modern aesthetic. Zigi's silhouette is defined by its curved, height adjustable backrest, which can be further enhanced with an optional depth adjustable lumbar to always provide constant support.

Zigi: A new benchmark in comfort, function and visual appeal

Engineered for all-day productivity

Zigi is designed to deliver long-lasting comfort with ergonomics that support natural posture and movement. Its contoured seat and breathable mesh back promote continuous airflow and reduce pressure points. The height adjustable ratchet back allows users to easily find their ideal lumbar support position, adapting to a wide range of body types and seating preferences.

Built for modern work demands

Adaptability meets durability in every detail. Zigi's synchronised tilt mechanism and intuitive control placement delivers effortless adjustability for today's dynamic workforce. Whether supporting deep-focus work or collaborative sessions, this chair transitions seamlessly between tasks while maintaining consistent performance standards.

Simple and good looking

Zigi pairs clean lines with a modern design language that complements a wide range of interior aesthetics. With a minimalist profile, it integrates effortlessly into both collaborative and executive spaces. It's a chair that not only performs well - it elevates the visual tone of any workspace.

It’s all in the details

ZIGI
